Salt Lamps

SPIRITUALQUEST™

- Himalayan Salt lamps are created from salt mines of salt that are millions of years old.
- Deep inside the Himalayan Mountains some 800 ft below the surface is where the highest quality salt crystals can be found.
- We select only the highest quality Himalayan Salt Crystals for our Salt Lamps, There is a difference not all salt is created equal.
- Salt Lamps generate two benefits for the body, the color is naturally soothing and the generation of negative ion's created from water and salt evaporation, can boost the immune system and promote tranquility.

Private Label Salt Lamps

May be Perfect for your Business!

The wonderful world of Private Label Salt Lamps may fit your business needs for virtually any purpose! Whether you're planning your order for the holiday selling season or you just want to market to your existing customers, factory direct salt lamps can meet your needs. Moreover, by buying these beautiful salt lamps in bulk, you can save up to 80% percent off the retail price. In addition, your helpful SpiritualQuest Import Specialists are here to help every step of the way. Don't forget to ask about our Free Product Promotion.

WHY Private Label SALT LAMPS?

The world of Private label salt lamps for resale is exciting and profitable, but isn't something you should enter into without first considering the costs and benefits. The road to becoming a direct salt importer is easier than one might think, that is if one has the proper help and guidance. While many other salt lamp manufacturers make big claims, we truly are the best when it comes to providing a quality product with top notch customer service. Our company has over 10 years experience importing, shipping and manufacturing products and we put all of our experience to work for you!

In the last few years, the popularity of Himalayan salt lamps has increased rapidly, your interest in becoming an importer will help you capitalize on this growing market. At the present time, the world of salt lamps is divided into two camps:

1. Companies that actually make salt lamps and those that trade them. As manufacturers, your consultant will work with you every step of the way. We work with you to craft your salt lamp order with care and consideration for your market. Our staff will train your company on what to do and how to maximize your profit potential.
2. Many companies have disappointing stories about salt lamps. Some companies that offer help are just traders, and they are renowned for supplying below average products with no commitment to quality and customer service. The old saying is true you get what you pay for. We know the market and understand the quality you expect!
3. Many of our best customers have experienced this difference first hand. With us you will share our confidence, experience and our long standing quality reputation for manufacturing and private label orders.
